Dear guest...

...Let's start to tell that for us the Pizza is serious thing.

Do a good pizza it's like create a work of art, really a masterpiece, with tomato brush and passion, so that it can become a multisensory experience and leave a beautiful memory.

We use 100% Italian selected flour,
sourdough, water and salt.

We let the dough rest from 6 to 12 hours,
before that the expert hands of our pizza maker work on it,
that with attention and attention to the details disposes all
the ingredients in a balanced, neat, beautiful to watch and
balanced on the palate.

Cooking in a wood-burning oven guarantees a unique and
special fragrance and flavour.

For us every pizza is important, unique and deserves
attention, just as every person deserves care and attention.

*"The expectation of pleasure
is itself pleasure"*

Because for perfection, you can not rush.
The wait is sweet when the result is certain and we:
we are certain of it!

And now find out what 'Excellence' means. Enjoy
